

ELIGIBILITY CRITERIA FOR END OF YEAR TRIALLING TROPHIES

The trialling year will commence from the first trial held in October each year until the last trial in September of the following year. If the last trial in September and the first trial in October fall on the same weekend, (i.e. 30 September and 1 October), they will count for the earlier trialling year.

Trialling members must train at the club for at least 60% of the trialling year in the discipline for which they are submitting results and include NCODC on their entry forms. Results slips must be submitted for qualifications gained to be eligible for trophies and should indicate when titles are gained. Result slips must be submitted no later than 7 days after the last trial in the trialling year.

Decisions made by the Committee in relation to trophies will be final.
